NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

WHO WILL FOLLOW THIS NOTICE

This Notice of Privacy Practices (“Notice”) describes the health information privacy practices of Mee Memorial Healthcare System and members of its workforce, the physician members of the medical staff, allied health professionals, volunteers, and business associates (collectively, “MMHS”). The words “we” or “our” used in this Notice refers to MMHS and applies to services provided to you at Mee Memorial Hospital, King City Clinic, Adult Medicine Clinic, Specialty Clinic, Albert and Donna Oliveira Clinic, Mee Memorial Dialysis, and Mee Memorial Rehabilitation.

OUR PLEDGE REGARDING YOUR HEALTH INFORMATION

At MMHS, we respect your privacy and are committed to maintaining the privacy of the health information we receive or create about you (health information”). This Notice applies to all records of your care generated by MMHS. Your personal physician, if not affiliated with MMHS, may have different policies or notices regarding the physician’s use and disclosure of your health information created in the physician’s office.

We are required by law to:

- Make sure that health information that identifies you is kept private (with certain exceptions);
- Give you this Notice of our legal duties and privacy practices with respect to health information about you; and

- Follow the terms of the Notice that is currently in effect.

MMHS will not require patients to waive their privacy rights as a condition of the provision of treatment, payment, enrollment in a health plan, or eligibility for benefits.

HOW WE MAY USE AND DISCLOSE YOUR HEALTH INFORMATION

The following categories describe different ways that we may use and disclose your health information. Not every use and disclosure in a category will be listed. However, all the ways we are permitted to use and disclose information will fall within one of the categories.

TREATMENT: We may use and disclose your health information to provide you with medical treatment or services. We are permitted to disclose health information about you to physicians, nurses, technicians, health care students, or other health system personnel who are involved in your care. For example, a doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process.

PAYMENT: We may use and disclose health information about you so that the treatment and services you receive at MMHS may be billed to, and payment may be collected from, you, an insurance company, or a third party. For example, we may need to give information about a surgery you received at the hospital to your health plan so it will pay us or reimburse you for the surgery. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

HEALTH CARE OPERATIONS: We may use and disclose health information about you for health care operations. These uses and disclosures are necessary to run the health system and ensure that all our patients receive quality care. For example, we may use health information to review our treatment and services and to evaluate the performance of our staff in caring for you.

YOUR REQUEST: We may disclose information when requested by you. This disclosure at your request may require a written authorization by you.

FUNDRAISING ACTIVITIES: Consistent with applicable law, we may use information about you or disclose such information to our foundation, to contact you about fundraising opportunities for the health system and its operations. You have the right to opt-out of receiving fundraising communications. If you receive a fundraising communication, it will tell you how to opt-out.

HOSPITAL DIRECTORY: MMHS may include your name, location in the facility, and religious affiliation in a patient directory while you are receiving care in our facility. We make this information available to people who ask to contact or visit you, unless you specifically object to inclusion in the directory. If you do not wish to be included in the facility directory, you will be given an opportunity to object at the time of admission.

INDIVIDUALS INVOLVED IN YOUR CARE: We may disclose health information to a family member, other relative, a close personal friend, or any other person identified by you who is involved in your health care or to someone who helps pay for your care. Unless there is a specific written request made to and agreed to by the MMHS Privacy Officer, we may also tell your family or friends your general condition and that you are in the hospital, or if a disclosure is deemed necessary during a medical emergency. In addition, we may disclose health information about you to an organization assisting in a disaster relief effort so that your family can be notified about your condition, status, and location.

RESEARCH: If you are participating in a research protocol, please notify MMHS. Your health information will not be released for research purposes unless you consent in writing, or, in the case of pre-study evaluations, an authorized Institutional Review Board has issued a waiver of authorization for review of records at MMHS. At this time, MMHS is not using or disclosing protected health information for research purposes.

TO AVOID A SERIOUS THREAT TO HEALTH OR SAFETY: As required by law and standards of ethical conduct, we may release your health information to the proper authorities if we believe, in good faith, that such release is necessary to prevent or minimize a serious and approaching threat to your health, or the health and safety of others.

BUSINESS ASSOCIATES: In certain circumstances, your health information may be disclosed to business associates or third parties that MMHS contracted with to perform agreed-upon services, such as billing companies, quality assurance reviewers, housekeeping services, etc. We will have a written contract in place with the business associate requiring protection of the privacy and security of your health information.

APPOINTMENT REMINDERS: We may use and disclose your health information to contact you as a reminder to remind you about appointments for treatment or medical care.

TREATMENT ALTERNATIVES: Unless you request that we do not, we may use and disclose health information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.

HEALTH-RELATED BENEFITS AND SERVICES: Unless you request that we do not, we may use and disclose health information to tell you about health-related benefits or services that may be of interest to you.

CORONERS, MEDICAL EXAMINERS, AND FUNERAL DIRECTORS: We may release health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. We may also release health information about patients of the health system to funeral directors as necessary to carry out their duties.

ORGAN AND TISSUE PROCUREMENT: We may release your health information to organizations that facilitate organ, eye, or tissue procurement, banking, or transplantation. The procurement or transplantation organization needs your authorization for any actual donations.

GOVERNMENT FUNCTIONS: We may release your health information for certain specialized government functions. We may also release health information for national security and intelligence activities, protective services for government officials, or reporting to the National Instant Criminal Background Check System.

If you provide us authorization to use or disclose health information about you, you may revoke that authorization, in writing, at any time. If you revoke your authorization, we will no longer use or disclose health information about you for the activities covered by the authorization, except if we have already acted in reliance on your permission. We are unable to take back any disclosures we have already made with your authorization, and we are required to retain records of health information.

YOUR RIGHTS REGARDING HEALTH INFORMATION WE MAINTAIN ABOUT YOU

RIGHT TO INSPECT AND COPY: You have the right to inspect and obtain a copy of health information that may be used to make decisions about your care. We may deny your request to inspect and obtain a copy in certain very limited circumstances. We reserve the right to charge a reasonable fee to cover the costs of providing your health information records to you. Requests should be made to the Privacy Officer (see contact info below).

REQUEST TO AMEND: If you believe your health information is incorrect or incomplete, you may ask us to amend the information. This request must be made in writing to our Privacy Officer. In addition, you must provide a reason that supports your request. We may deny your request if you ask us to amend information that: (i) was not created by us, unless the person or entity that created the information is no longer available to make amendments; (ii) is not part of the health information kept by or for the facility; (iii) is not part of the information which you would be permitted to inspect and copy; or (iv) is accurate and complete. If we deny your request for amendment, you have the right to submit an addendum outlining the reasons you disagree to the Privacy Officer (see contact info below) to include in your medical record. This addendum may not exceed 250 words with respect to any item or statement in your record you believe is incomplete or incorrect.

RECEIVE AN ACCOUNTING OF DISCLOSURES: You have the right to request an “accounting of disclosures,” which is a list describing how we have disclosed your health information with outside parties. This accounting does not include disclosures made for treatment, payment, and health care operations (as those functions are described above), and with other exceptions pursuant to the law. To request this list or accounting of disclosures, you must submit a written request to the Privacy Officer (see contact info below). Please include a time frame for your request; you may request an accounting of disclosures for up to six years before the date of your request. If you request an accounting more than once during a 12-month period, we will charge you a reasonable fee.

You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or payment for your care, like a family member or friend.

We are not required to agree to your request, except to the extent that you request us to restrict disclosure to a health plan or insurer for payment or health care operations purposes, provided you, or someone else on your behalf (other than the health plan or insurer), has paid for the item or service out of pocket in full. Even if you request this special restriction, we can disclose the information to a health plan or insurer for treatment purposes. If we agree to a special restriction, we will comply with your request unless the information is needed to provide you emergency treatment. To request restrictions, you must make your request in writing to our Privacy Officer (see contact info below).

RIGHT TO REQUEST CONFIDENTIAL COMMUNICATIONS: You have the right to request that we communicate with you about medical matters in a certain way or at a certain location.
